Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

The response to the objection in paragraph 2 of the office action is incomplete.

The request for AN INTERFERENCE WITH TWO PATENTS does not seem to comply with 37 CFR 41.202. Specifically the recitation that all the claims in alternative comprise the count adds nothing to identify what the applicant believes the count or counts to be; and, because of this the indication of the claims corresponding "to the count" don't satisfy 41.202 either. Applicant requires indicating what count or counts are clearly present in the request.
